

## POSTPARTUM Action INSTITUTE

*The mission of Postpartum Action Institute (PAI) is to energize and revitalize professionals and parent advocates in order to support new families.*

*To register visit [PostpartumAction.org](http://PostpartumAction.org)*

Through user-friendly and non-lecture style discussions, the Postpartum Action Institute provides unique learning experiences for all professionals and community leaders working with expectant and new parents. You'll gain new insights about how to bring this new understanding into your lives and workplaces.

Through innovative training methods over one and a half days, attendees will gain insights not taught in schools or professional conferences. At the Postpartum Action Institute you will enjoy:

- *An intimate setting in a comfortable home with a maximum of 6 participants*
- *Individual coaching with Institute Founders Jane Honikman and Shoshana Bennett*
- *Unique information offered that is not presented in ANY other conference or training*
- *Opportunity to discuss personal and professional experiences in a safe environment*

**JANE HONIKMAN, M.S.** Through her work founding Postpartum Education for Parents (PEP) in 1977 and Postpartum Support International (PSI) in 1987, Jane became a leader of the social movement to promote the emotional wellbeing of mothers and their families. She has written several books on the topic and continues to lecture and train internationally on the role of social support and the emotional health of families.

**DR. SHOSHANA BENNETT** Internationally recognized as a leading maternal mental health expert, clinical psychologist Dr. Shoshana Bennett has inspired and transformed countless lives worldwide through her radio shows, books, lectures, interactive tele-classes, consultations, and videos.

*It benefits the continuity of care in your community to have more than one professional attend the Institute together. To promote our mission, we are offering a financial incentive to help this happen:*

- *\$697 for a single registration (\$30 discount if member of PSI or Marce making it \$667)*
- *\$597 each if 2 people from your community attend together (\$100 discount each)*
- *\$547 each if 3 or more people from your community attend together (\$150 discount each)*

### Upcoming workshops in 2020

May 2–3 | August 15–16 | November 7–8
